Gabon Gold Project Tenure Update

The Company has been undertaking due diligence on the status of its Gabon Gold Project since relisting on the ASX in September 2009.

The Company has now been informed by its South African based consultants that it no longer has valid mineral rights in Gabon. These rights were previously held by its wholly owned subsidiaries Lafayette Mining Gabon SA and Lafayette Mining Gabon Pounga Sarl. The Company does not intend to undertake further expenditure in Gabon.

Voyager Resources continues to focus on growing its portfolio of high quality gold projects in Mongolia. Further news on this exploration and acquisition programme will be available in the coming months.
